Riflesso Wall Sconce

By Vistosi

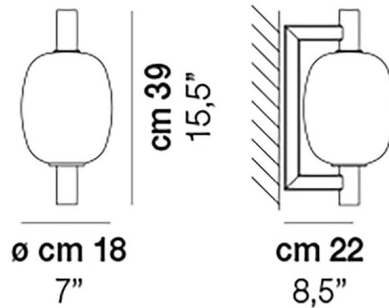

Description

The Riflesso Wall Sconce showcases the simplicity and elegance of glass as a material with its rounded glass diffuser. Reminiscent of a soap bubble, the glass' lightness and transparency causes the glass to look almost invisible as the reflection of light takes center stage. Riflesso harmoniously accents the surrounding environment while also providing illumination, a perfect merger of form and function. Note: Includes rectangular backplate to cover standard US junction box (not pictured).

Shown in matte gold / smoky
