## Riflesso 3 Two Light Pendant

By Vistosi

### Description

The Riflesso 3 Two Light Pendant showcases the simplicity and elegance of glass as a material with its rounded glass diffuser. Reminiscent of a soap bubble, the glass' lightness and transparency cause the pendant to look almost invisible as the reflection of light takes center stage. Riflesso harmoniously accents the surrounding environment while also providing illumination, a perfect merger of form and function. The upper light shines into the diffuser, while the light in the lower cylinder shines downward to provide direct lighting.

Shown in matte gold / amethyst
