Rina LED Spot Wall / Ceiling Light

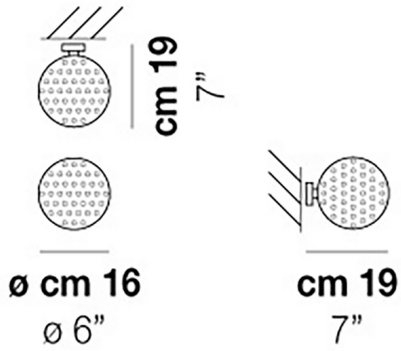

By Vistosi

Description

The Rina LED Spot Wall / Ceiling Light is inspired by dandelions with its spherical shape and unique lighting effect. The glass is made using a murrine effect, a traditional technique that creates a pattern of translucent white dots and clear spaces. As light passes through the glass, a dazzling pattern of light and shadow is cast upon the fixture's surroundings. Dimmable with Standard 120V (TRIAC) or 0-10V dimmers, sold separately. May be installed on the wall or ceiling.

Shown in matte steel / white
