Rina Ceiling Light By Vistosi

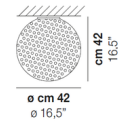

Description

The Rina Ceiling Light is inspired by dandelions with its spherical shape and unique lighting effect. The glass is made using a murrine effect, a traditional technique that creates a pattern of translucent white dots and clear spaces. As light passes through the glass, a dazzling pattern of light and shadow is cast upon the fixture's surroundings. Glossy White Murano glass with Matt Steel finish in 10 inch and 14 inch options and Matt White finish in 16.5 inch finish.

Shown in matte steel / glossy white
