Wenda Pendant

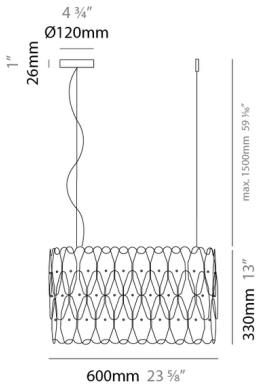

By ZANEEN design

Description

Wenda is inspired by Lisbon's characteristic ceramic tiles, made from light-weight material for interior applications in surface and suspension applications. Its three-dimensional structure is comprised of small colourful tiles, made of the Polilux material, applied to an oval-shaped core creating a delicate and romantic effect. The design of Wenda lends itself to regal and traditional design spaces, making it an ideal choice for creating a statement as a pendant light in a variety of application settings.
