Linood Adjustable Floor Lamp

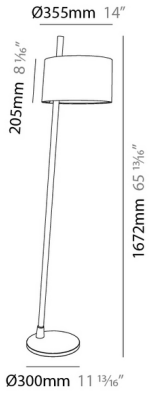

By ZANEEN design

Description

Linood combines natural materials to create warm and intimate spaces. The combination of linen and wood creates a delicate light fixture which illuminates the space through an indirect light. The height-adjustable shade of the floor lamp allows the brightness to be adjusted in an agile way, while the angle of the stand with respect to the base adds dynamics to the space. Its characteristics and personality enable it adapts seamlessly to both commercial and residential spaces.

Shown in oak wood / linen
