Drape Candelabra

By SIN

Description

The Drape Candelabra appears to hover between the earth and sky with the raw earthiness of unglazed bone clay and an ethereal form reminiscent of draped fabric. The candles are held at staggered heights to create a dynamic interplay of light and shadow. Both sculptural and functional, Drape will elevate the decor of any table. Note: Candles are not included. Fits a 3/4 inch bottom taper candle.

Shown in bone
