Tim Pendant - Overstock

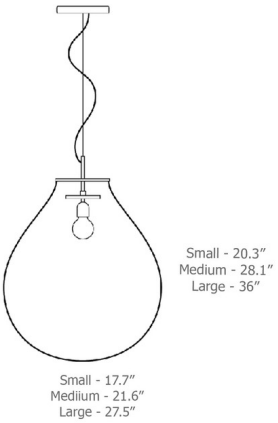

By Bomma

Description

The Tim Pendant is a monumental piece that marked Bomma's entry into the world of top level lighting. The sheer weight and size reaches the limits of what can be achieved by free form mouth blowing of glass. These impressive pendants embody design simplicity and glass making mastery. Given the handmade nature of the glass shade, intensity of color and gradient may slightly vary. Note: This fixture requires additional ceiling support, such as a robust 5/8 inch plywood backing.
