The Moon Floor Lamp

By 101 Copenhagen

Description

The Moon Floor Lamp is more than a source of light it is a sculptural masterpiece, a poetic fusion of balance and geometry. Every element is meticulously composed, harmonizing in a dance of perfect proportion. Inspired by the ethereal beauty of the cosmos, this minimalist design embodies the quiet elegance of celestial bodies suspended in space. Two radiant light sources glow like distant stars, gracefully positioned along a hand brushed bronze plated aluminum arm. Floating effortlessly, an oversized hand brushed plated brass lampshade mirrors the moon itself, casting a luminous reflection from both sides and creating an atmosphere of depth, clarity, and quiet wonder. Grounded by a solid grey marble base, the Moon Lamp achieves the impossible a balance between weight and weightlessness, structure and fluidity, function, and artistry. Dimmer switch located on cable.
