## Pausania Table Lamp

By Artemide

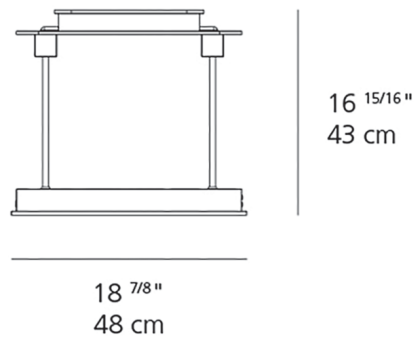

### Description

The Pausania Table Lamp is a re-issue of Memphis-design master Ettore Sottsass's iconic 1983 design, updated with modern LED technology. Pausania reinterprets the classic banker's desk lamp with a boldly shaped, modern shade in black resin, green synthetic material, and an aluminum grille. The LED light source features Tunable White technology, allowing the color temperature of the light to be adjusted from warm 2700K to cool 6500K. Dimmer switch located on base.

Shown in black / green
