Unterlinden Plug-In Wall Sconce

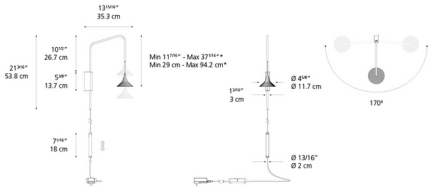

By Artemide

Description

The Unterlinden Plug-In Wall Sconce is a captivating blend of vintage charm and cutting-edge technology, offering a unique lighting experience with its distinctive aesthetic. This fixture marries the aesthetic appeal of an antique object with contemporary LED engineering, creating a truly one-of-a-kind design. Its heat-dissipating shade, essential for LED longevity, is made of textured die-cast aluminum. An integrated LED module provides efficient and powerful illumination. The shade is supported by a sleek steel arm, and the height of the shade can be adjusted with the counterbalance weight. Dimmer switch located on cord.

Shown in black / aluminum
