Capella Accent Table

By Currey & Company

Description

The Capella Accent Table has a filigree-like texture achieved with brazing, a time-honored industrial technique used to blend iron and bronze. The coffee bronze finish is applied over the metal surface with a technique that leaves some areas uncovered, creating the decorative flecks that run along the thread-like wires. The tempered glass top has a smoke finish to match the dark base. Due to the artisanal treatment, the surface of each table could differ slightly.
