Seabrooke Outdoor Pendant

By Golden Lighting

Description

With an attractive transitional look, Seabrooke fits seamlessly in with natural, indoor, or outdoor settings. Capable of complementing a variety of spaces, this versatile design is also thoughtful. A revolutionary plastic-composite shade and interior clear glass diffuser allow for durability against the elements. The clear glass shade prevents water from gaining access to the inner light source. An extra UV-coated layer protects the textured natural finish from fading. This indoor/outdoor pendant is perfect for porches, outdoor kitchens, and patios.

Shown in natural black / summer sands
