## Minigiogali Rectangular Wall Sconce By Vistosi

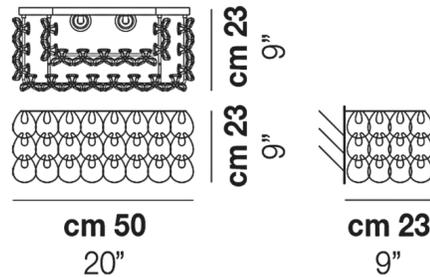

### Description

Originally conceived in 1967 by Angelo Mangiarotti, the Minigiogali Wall Sconce derives both its name and shape from the Italian word giongher, referring to the rope used to tie a horse or ox-driven cart to the yoke. The sconce is composed of a multitude of small, rope-like crystal hooks, which are linked together to form a net of glistening glass. The crystal is draped around the sconce in a rectangular structure, obscuring the light source and creating a gleaming cascade of light. With its delicate and glamorous aesthetic, Minigiogali will enhance any interior with an elegant sparkle.

Shown in chrome / transparent
