## Cantabrina Linear Pendant By Italamp

### Description

The Cantabrina Linear Pendant features a cylindrical body capped on either end with glossy white glass diffusers. The pendant's tubular structure is available with either an upward or downward bend, with a ridged texture at the elbow adding an intriguing twist to the design. Recalling the look of piping or ductwork, Cantabrina offers a more refined, modern aesthetic than a typical industrial-inspired fixture. Includes canopy in black finish and cover plate for US junction box.
