Cantabrina Double Linear Pendant By Italtamp

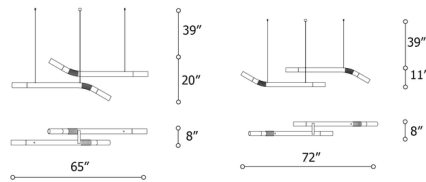

Description

The Cantabrina Double Linear Pendant features a pair of cylindrical pendants capped on either end with glossy white glass diffusers. The pendants' tubular structures feature upward or downward bends, with a ridged texture at the elbow adding an intriguing twist to the design. Recalling the look of piping or ductwork, Cantabrina offers a more refined, modern aesthetic than a typical industrial-inspired fixture.

Shown in matte ocean blue / glossy white
