Barnacle Small Urchin FreeJack Pendant By Siemon & Salazar

Description

The Barnacle Urchin Pendant focuses on the way glass forms and light play with each other. Hand-rendered texture creates unique projected patterns on the urchin and barnacle lights. These low voltage fixtures can be hung singularly from a monopoint canopy or as a grouping for a statement piece. Hand-blown and shaped in lead free crystal. No molds are used, and each glass shape is unique. Canopy required and sold separately. Includes male FreeJack connector.
