## Wemyss Wall Sconce

By Currey and Company

### Description

Blending a traditional silhouette with modern restraint, the Wemyss Wall Sconce is a large-scale design with a curling ribbon of iron that folds beneath a classic candle-like light. The black metal is finished in a gilded oak wood finish and set at the top with a smoke hammered-glass canister encloses an elongated bulb, its textured surface dappling the glow.

Shown in gilded oak / smoke
