Watershed Table Lamp

By Currey & Company

Description

Crafted from white 3D-printed porcelain, the Watershed Table Lamp blends modern technology with contemporary design. Flowing waves evoke the movement of rustling fabric, while the printing process imparts a distinct layered appearance that adds to the overall texture. Metal hardware in a polished nickel finish and an optic crystal finial complete the composition with a crisp, light touch. 3-Way switch on socket.

Shown in white / white

Specifications
