SHHH! Pendant

By Ingo Maurer

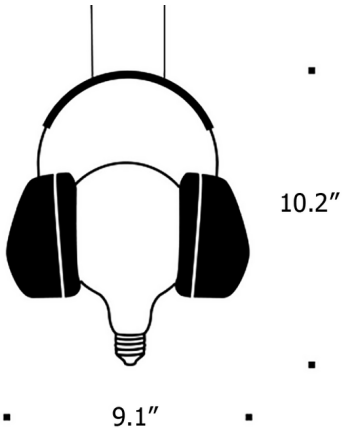

CE

Description

The SHHH! Pendant embodies the core idea of Ingo Maurer's design philosophy: creating unexpected connections and bringing disparate elements into a harmonious balance. The pendant's playful look features a globe-shaped light bulb with over-ear headphones. However, the light does not come from the bulb, but rather a pair of LEDs within the headphones that gently light the globe from the sides. Two integrated spotlights also direct light downwards to create focused accent lighting.
