Dahlia Tiered Chandelier

By Thesis

Description

The Dahlia Tiered Chandelier blossoms with understated poise, its soft curves and slender form creating a sense of dynamic movement. Tapered arms extend outward to cradle opal glass spheres, each with a softly glowing integrated light. Adjust the placement of arms to change the overall shape. Whether in a subtle matte texture or a classic brushed metal, the Dahlia transforms natural inspiration into an expression of timeless refinement.

Shown in plaster black / opal
