Calle Wall Sconce

By Thesis

Description

The Calle Wall Sconce evokes the serene energy of a winter wonderland. Three icicle-like shades are made from hand-pressed gold leaf glass, their forms revealing a shimmering inner glow when illuminated by integrated LEDs. Asymmetrical branching provides a modern interpretation of organic textures, resulting in a design that feels both simple and elegant. With adjustable arms, the Calle invites you to shape the arrangement into a configuration that is uniquely your own.

Shown in brass / clear
