Ayers Color-Select Linear Chandelier

By Thesis

Description

The Ayers Color-Select Linear Chandelier creates a bold statement with its dramatic draped design. Illuminated LED tubes are suspended among faux leather straps, blending soft texture with modern innovation. Including both black and brown straps, the faux leather can be styled in a single tone or, on multi-strap models, mixed for contrast. Adjustable standoffs let the loops fall in straighter lines or softer curves, giving the design a tailored sense of movement. Note: Includes both black and brown faux leather straps for selection at installation.

Shown in champagne gold / black / brown faux leather
