## Julep Wall Sconce

By Thesis

### Description

The Julep vanity light introduces a fresh mid-century influence softened by modern simplicity, featuring an oval cased opal glass shade that softly disperses light to create a warm ambient glow. The slender vertical arm provide subtle structure, while the softly rounded silhouette of the glass adds balance and visual contrast. The form and proportion give the fixture a refined presence, making it an elegant addition to a variety of interior settings.

Shown in brushed gold / opal
