Nettuno Tiered Chandelier

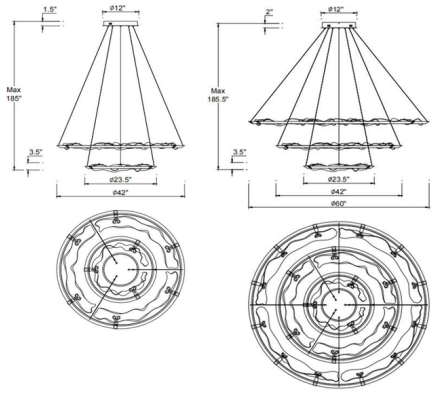

By Lib & Co

Description

The Nettuno Tiered Chandelier brings an artistic elegance to your interior, drawing inspiration from the fluid movement of ocean waves. An undulating ribbon of glass gracefully curves and weaves into a sculptural ring, creating a sense of movement and organic beauty. Encircling the glass form, a sleek metal ring provides a refined architectural contrast while housing an integrated LED light source. The result is a captivating interplay of form and illumination that transforms the chandelier into a luminous work of art.

Shown in metallic brushed champagne / clear
