Braylon Pendant

DAMP

Description

Bold on the outside, luminous within, the Braylon Pendant Light is a study in contrast and quiet elegance. Its matte black metal shade exudes a sense of grounded strength, while the inside reveals a stunning surprise: a softly iridescent capiz shell interior that shimmers with warmth and depth. Like moonlight glinting off ocean waves, Braylon casts a gentle, romantic glow that transforms any space into a place of comfort and allure. Perfect for intimate nooks or striking groupings, it's a modern classic with a soul.
