Cuoco Table Lamp

By Uttermost

Description

The Cuoco Table Lamp features a sculptural ceramic base finished in a textured drip glaze, blending rich chocolate browns and soft off-whites to create an organic, molten effect. It is elegantly anchored by a clear crystal foot and accented with antique brass plated details. A round hardback drum shade, wrapped in warm white linen fabric, completes the design. This lamp is equipped with a three-way socket, allowing for adjustable lighting levels for added versatility and control. Due to the nature of fired ceramic glazes, each piece will display subtle variations in finish, making every lamp uniquely one of a kind.
