DIY Reveal Wall Wash 2 Channel and Lens

By PureEdge Lighting

Description

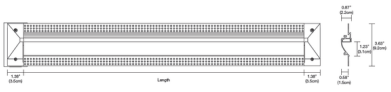

The DIY (Do-It-Yourself) Reveal Wall Wash 2 illuminates the wall from the top of the ceiling to the floor and recesses within 5/8 inch drywall without the need for joist modification. Multiple runs of channel mount flawlessly together and may wrap inside corners to wash surrounding walls with uniform controlled illumination. The slim channel extrusions and lenses are sold in 8 foot increments, are field cuttable, and run as long as 40 feet before re-feeding. The LED strip is available in a variety of Static White color temperatures from 2400K to 4000K, Warm Dim (27D or 30D), Tunable White (2K6K or 27K6), Dynamic RGB, RGB + White, and Trucolor RGBTW Color Changing RGB with Tunable White (1500K-6500K). The LED strips are ordered in 1 foot increments, and can be cut every 2.4 inch, 3 inch, or 4 inch, depending on the color temperature selection.Included Components: Reveal Wall Wash channel and lens, junction box, adjustable mounting bars, mounting straps (one for every 3 feet of channel), and drywall screws.Required power supplies, LED strip, power feed (center or end), L-shaped inside or outside corner connector, straight connectors, and end caps are sold separately. See LED strip for required power supplies and controls
