Mars Chandelier

By kdIn

Description

The Mars Chandelier is a luminous sculpture composed of geometric forms suspended in air like satellites in orbit. A pair of opal glass globes house the light sources to provide a warm, diffused glow. The prism and cone shaped accents are crafted from black Marquina marble, adding a solidity to the design which contrasts the light, airy expression of the fixture. Includes canopy for standard US junction box (not pictured).

Specifications

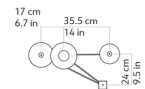

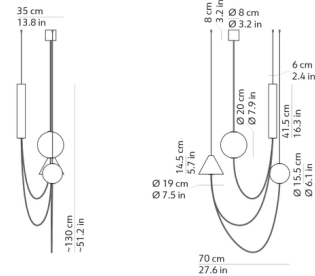

COLOR Matte White
 BODY FINISH Black Marble
 WATTAGE 26.3W
 DIMMER Low Voltage Electronic
 DIMENSIONS 27.6"W x 51.2"H x 13.8"D
 INTEGRATED LED MODULE 1 x LED/26.3W/120V LED

Technical Information

COLOR RENDERING 90 CRI
 LAMP COLOR 2700K
 LUMENS/WATT 114.07
 LUMINOUS FLUX 3000 lumens

Shown in black marble / matte white
