Tratto Table Lamp

By kdIn

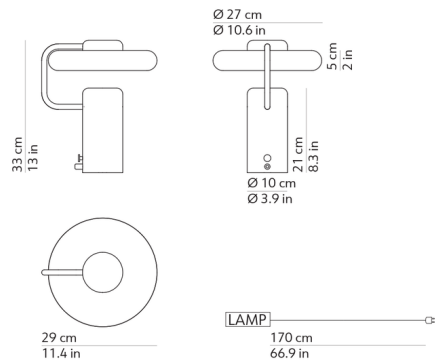

Description

The Tratto Table Lamp is an elegant, statuesque fixture that also provides functionality and practical, accessible lighting atop a desk or side table. The round opal glass diffuser is suspended above the cylindrical base by a curved arm, creating a visual and material contrast between the lightness of the shade and the solidity of the base. The glass gently diffuses light from the built-in LED light source to create an intimate, welcoming atmosphere. Dimmer switch located on lamp's base.

Shown in brushed brass / opal

Specifications
