Dual Head Security Light

By Bulbrite

Description

The Dual Head Security Light features a wet rated IP66 premium aluminum body and stainless steel fasteners for superior durability in all weather conditions. Easy installation with single center screw mounting system and adjustable heads (no tools required). Available with or without photocell/motion sensor. Integrated photocell automatically turns lights on at sunset and off at sunrise, saving energy while maintaining security. Advanced motion sensor with 180 degree detection range and 60-foot distance capability automatically activates when movement is detected.
