Shield Glass Wall Sconce

By Hubbardton Forge

Description

The Shield Glass Wall Sconce draws its form from the protective Roman scutum. Two substantial plates of heavily forged steel are gently curved to shape the design. The larger, finished back plate curves into a concave surface, holding an organic Frosted glass panel that boasts a smaller forged steel colored accent plate. The result is a stunning visual with warm inviting shadows throughout your space. May be mounted horizontally or vertically, and used in the bathroom. Choose a Finish for the larger backplate and a Color for the smaller accent plate. Lifetime Limited Warranty when installed in residential setting. Handmade to order by skilled artisans in Vermont, USA.

Shown in black / clear steel

Specifications

COLOR	Clear Steel
