Camille Chandelier

By Fredrick Ramond

Description

Inspired by the grand leaves and distinct veining of anthurium plants, found in the tropical cloud forests of South America, the Camille Chandelier brings botanical beauty to your living space. Each Distressed Brass layer is artfully laser-cut, shaped, and hand-painted with gold leaf to create a luxe transitional design, suspended by diamond-shaped chains and a tapered canopy. Note: The 39 inch and 45 inch fixtures exceed 50lbs and must be supported independently of the outlet box.
