Dale Wall Sconce

By Troy Lighting

Description

Like a wisp of smoke caught in glass, the Dale sconce finds movement in stillness. Swirls of milky white traverse the translucent Remolino Bianco glass, which has been inside-etched for added texture. The gently slumped form curves inward, creating sculptural depth around the light source, while two Patina Brass pins secure the shade. Easily doubling as wall art, Dale is both highly atmospheric and functional.

Shown in patina brass / piastra
