Elias Chandelier

By Troy Lighting

Description

The Elias chandelier brings organic texture to a bold architectural frame. A large woven Saguran drum shade lends warmth, while slender Forged Iron arms introduce graphic clarity. The light source is housed within a simple bowl, replacing a traditional candle cluster with a clean, modern silhouette. It makes an approachable, yet substantive impression.*Due to the one-of-a-kind nature of the medium, exact colors and patterns may vary slightly from the image shown.

Shown in forged iron / white linen
