Renaud Mini Pendant

By Z-Lite

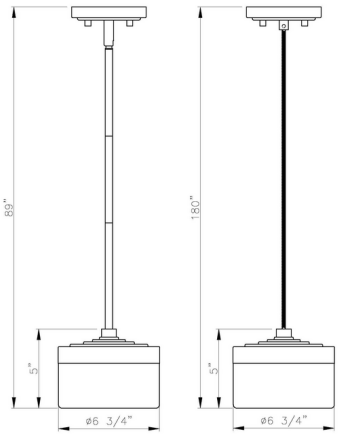

DAMP

Description

Over a kitchen island or slim dining table, this mini LED pendant light hangs like a small lantern on a tailored cord, bringing focus and atmosphere to the surface below. The feathered glass shade transforms efficient LED power into a gentle, flattering glow that is bright enough for chopping vegetables, paging through a cookbook, or working on a laptop. Grouped in a row or used singly over a petite caf table, it gives everyday rituals a calmer, more intentional pace. Features color-select technology which allows user to select between 2700K, 3000K, 3500K, 4000K and 5000K color temperature options.

Shown in matte black / feathered white
