Lauro Table Lamp

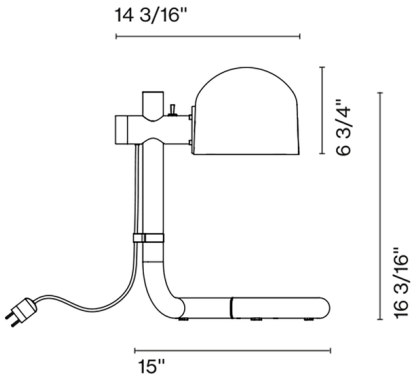

By Marset

Description

Designed by P. Aragay and J. Perez Mateo and originally released in 1973, the Lauro Table Lamp is a testament to the idea that good design is timeless. Lauro is composed of a methacrylate dome shade and sleek bent steel frame, two classic materials that recall the design language of the past. However, Lauro's streamlined silhouette and functional adjustability allow it to effortlessly blend into both modern and retro interiors alike. The shade can be raised and lowered along the frame, as well as rotated side to side to aim its light precisely where it is needed. On/off toggle switch located on lampshade.

Shown in dark brown / opal

Specifications
