## Cody Pendant By Capital Lighting

### Description

The Cody Pendant showcases a bold, sculptural presence with its hand-carved surface and distinctive reverse fluted detailing, adding depth and visual texture from every angle. A smooth acrylic diffuser beneath softens the illumination, creating a warm, even glow that enhances the fixture's refined look. Natural wood elements bring an organic contrast to the design, while subtle metal accents introduce a hint of understated sophistication, making this pendant a striking yet versatile addition to a variety of interiors.
