Cody Semi Flush Ceiling Light

By Capital Lighting

Description

The Cody Semi Flush Ceiling Light showcases a striking hand-carved design, defined by its distinctive reverse fluted texture that adds depth and visual interest. A smooth acrylic diffuser softens the illumination below, creating an even, refined glow. The natural wood elements bring warmth and character, while the subtle metal accents introduce a polished contrast. With its bold proportions and balanced mix of materials, this semi-flush fixture makes a statement while maintaining a clean, sophisticated presence.
