Gia Semi Flush Ceiling Light By Capital Lighting

Description

Bring a refined, modern touch to your space with this Gia Semi-Flush Ceiling Light, designed with a wide, gently curved profile that creates a soft, sculptural presence on the ceiling. Its low-profile form offers a balance of subtle elegance and contemporary appeal, making it suitable for a variety of interiors. A natural stone diffuser softens the light output, producing a warm and inviting glow that enhances the atmosphere without overwhelming the room. Thoughtfully designed for both style and function, this fixture delivers ambient illumination while serving as a distinctive architectural accent.

Shown in aged brass
