Ian Wall Sconce

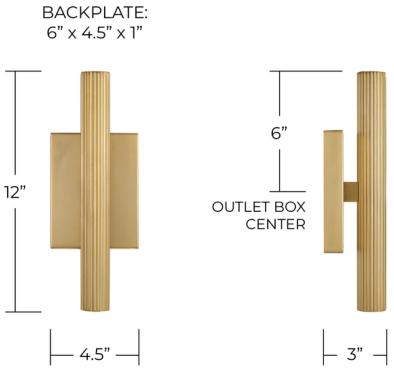

By Capital Lighting

Description

This modern wall sconce brings a refined, understated look with its clean lines and thoughtful detailing. Its elongated cylindrical form is accented by subtle vertical fluting, adding texture and depth without overwhelming the design. Mounted over a simple backplate, the fixture delivers a balanced, contemporary presence that works well in a variety of interiors. Integrated LED technology provides efficient, streamlined illumination, making it both a functional and stylish lighting solution. It can be installed vertically or horizontally, offering added flexibility to suit a variety of layouts and design preferences.
