## Scheana Pendant

By Mitzi

### Description

The Scheana pendant is carved from solid wood, with stem and shade merging into a single sculptural RLM shape. The concentric rings on the rippled surface catch the light in a tactile play of shadow and form. Finished with an Aged Brass chain, the rich materiality of Scheana brings artisanal beauty to any space. \*Due to the one-of-a-kind nature of the medium, exact colors and patterns may vary slightly from the image shown.

Shown in aged brass / wood
