Marina Wall Sconce By Visual Comfort Studio

Description

The Marina Wall Sconce by Chapman & Myers distills the collection's maritime inspiration into a single-light profile. Its clean frame, reminiscent of a boat hull, supports an arm that extends through and above the shade introducing subtle movement and depth. Perfect for hallways, bedrooms, or transitional spaces, the sconce offers a refined accent that enhances its surroundings without overpowering them. Marina's thoughtful detailing and layered silhouette make it a versatile choice for interiors that value both simplicity and sculptural presence.
