Marina Double Wall Sconce

By Visual Comfort Studio

Description

The Marina Double Wall Sconce by Chapman & Myers brings the collection's nautical inspiration to the wall with a balanced, dual-light composition. Its frame, shaped to echo the curve of a boat hull, supports two arms that subtly extend through the shadeadding dimension and architectural interest. Ideal for hallways, bedrooms, or flanking mirrors in bathrooms, the 2-light sconce offers layered illumination and a refined silhouette that complements both traditional and modern interiors. As part of the Marina Collection, it delivers coastal elegance with sculptural clarity.
