Greard Linear Chandelier

By Visual Comfort Studio

Description

Alexa Hampton's Greard Linear Chandelier is a bold interpretation of the collection's refined simplicity, urban sophistication, and timeless elegance. With elongated proportions and a series of natural linen shades, it delivers balanced illumination across larger surfaces. The clear decorative ball accents add a refined sparkle, enhancing the fixture's sculptural presence. The linear profile designed for modern interiors is ideal for dining rooms and kitchen islands, where its clean lines and thoughtful proportions transform lighting into a moment of design distinction.

Shown in gild / white linen
