Lucinda Pendant

By Visual Comfort Studio

Description

The Lucinda Pendant by Alexa Hampton brings the collection's historical inflections and elevated industrial elegance into a compact, pill-shaped form. A refined metal band connects the pendant's richly textured clear glass to an elegant chain detail, creating a sculptural silhouette that feels both timeless and modern. Rooted in Hampton's signature style, this pendant transforms utilitarian design into a poetic expression of light. Ideal for powder rooms, hallways, closets, and kitchens, the profile offers a subtle yet sophisticated presence that complements both traditional and contemporary interiors.
