Marina Chandelier

By Visual Comfort Studio

DAMP

Description

The Marina Chandelier by Chapman & Myers brings nautical inspiration into a refined, sculptural form. Echoing the graceful curves of a boat hull, its clean metal frame supports two tiers of arms that extend through and peek above the shadecreating a layered silhouette with unexpected dimension. This chandelier is ideal for dining rooms, bedrooms, and foyers, where its maritime structure and elegant proportions offer a quiet sense of drama. As part of the Marina Collection, it blends coastal influence with architectural clarity, resulting in a fixture that feels both timeless and contemporary.
