Nell Table Lamp

By Visual Comfort Studio

Description

Nell Table Lamp by Hable draws from the ancient sand houses of Siwa, translating architectural influence into a sculptural ceramic form. Its cylindrical, footed column with a flared base reflects Hable's deep connection to hand-built artistry and simplified shapes. The silhouette is both grounded and expressive, offering a quiet sense of permanence and presence. Ideal for bedrooms, living rooms, dining rooms, or foyer consoles, the Nell Table Lamp brings quiet luxury to spaces through form, history, and material. On/Off switch on socket.
