Silas Chandelier

By Visual Comfort Studio

DAMP

Description

Silas Chandelier by Sean Lavin features clean lines and precise detailing that define its minimalist character. Clear acrylic cylindrical diffusers pair with integrated LED light sources to create a crisp, modern effect. Each diffuser sits against a streamlined frame to emphasize balance and proportion without excess. With its expansive scale, the chandelier is ideal for living rooms, dining rooms, great rooms, and foyers. The Silas Collection brings refinement to all contemporary interiors, offering lighting that is both sculptural and functional.

Shown in burnished brass / clear
