## Silas Linear Chandelier

By Visual Comfort Studio

### Description

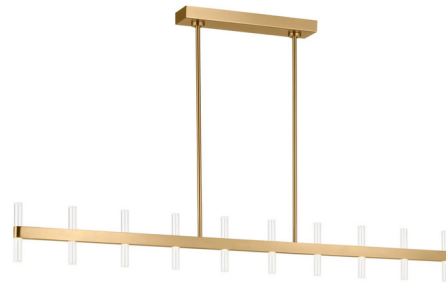

Silas Linear Chandelier by Sean Lavin features clean lines and precise detailing that define its minimalist character. Clear acrylic cylindrical diffusers pair with integrated LED light sources to create a crisp, modern effect. Each diffuser sits against a streamlined frame to emphasize balance and proportion without excess. With its elongated form, the linear fixture is ideal for dining rooms, kitchen islands, home offices, and workspaces. The Silas Collection brings refinement to all contemporary interiors, offering lighting that is both sculptural and functional.
